Solution

OOH Media Suite "SMLKOMS"

SMLKOMS is an AI-powered automated solution for Out-of-Home (OOH) advertising, streamlining the entire process from proposal and media buying to performance analysis.

Developed in-house by SMLK Co., Ltd., this dedicated OOH advertising platform provides access to information on over 700 media types across more than 40,000 locations nationwide, available without limitations of time or language.

It serves as a practical software tool for advertisers, agencies, and media owners, supporting end-to-end operations including planning, purchasing, reporting, and sales.

* In August 22, SMLKOMS received a Technology Commercialization Evaluation [Grade A](#) (Evaluation No. KIBO_494693-2025121), officially validating the value and excellence of its technology.

*The service is currently being provided to partner companies and is scheduled for public release in the first half of 2026.
